SKILLS

Team Player Fast Learner

Self-Motivated and
independent

Resilient and persistent

Analytical and detail oriented

Adaptable to changes

Optimistic and Positive
Attitude

Ambitious and Goal-Oriented

LANGUAGES

Serbian: Native

English: Proficient (C1-C2)

TECHOLOGIES AND TOOLS

HTML + CSS JavaScript

React.js Node.js jQuery

AJAX SQL MongoDB

PHP C# .NET Git

Postman REST API

TypeScript

INTERESTS

Basketball Crime Solving

Nature TV Shows

Movies

PROFILE

As a junior full-stack web developer, I've built numerous platforms, where users can register, post, and connect. I've mastered **React.js**, **JavaScript**, **PHP**, **Node.js**, **C#**, **MongoDB** and **SQL**. **My biggest win?** Turning personal struggles into fuel and pushing through with resilience, focus, and heart. I'm hungry to grow, a team player to the core, and I never back down from a challenge.

WORK EXPERIENCE

Front-end Engineer – Itekako d.o.o. (May 2022 – May 2023)

- Created responsive web pages using HTML, CSS, and JavaScript.
- Implemented interactive features and optimized UI.
- Collaborated on design elements and functionalities.
- Leveraged JavaScript to create interactive components and animations, resulting in an improved user experience.
- Utilized library and frameworks such as React, Angular, and Vue to create interactive user interfaces.

EDUCATION

ICT College of Vocational Studies, University of Belgrade (2020 – 2024)

Internet Technologies - IT Module | Bachelor's Degree

Technologies: PHP, JS, OOP, Git, HTML+CSS, SQL

Grammar School "Stevan Jakovljevic", Vlasotince (2016 – 2020)

Natural Sciences / Mathematics – GPA: 5/5

Final Project - The beginning of the Universe (physics)

PERSONAL PROJECTS

- Money Shots – **Gallery**
My first project that holds great sentimentality.
- Portfolio – **Website**
My portfolio web site.
- ChillFit Shop – **E-commerce Site**
Vecto Shop – **E-commerce Site**
Front end e-commerce web sites implementing various front end concepts and technologies, such as JavaScript, HTML5, CSS3, Sass, jQuery, React and responsive web designs.
- **Giftos Web Shop – Video presentation of a project Documentation**
My favorite personal project. Full stack web store integrated with a MySQL database, written in JS and PHP with a range of possibilities such as pagination, sorting, filtering, registration, log-ins, profile editing, admin panel, cart, ordering items etc.. App is archived, but it's documentation and video presentation is still accessible at links above.
- MERN mini project - **Documentation**
React, Node + Express and Mongoddb (MERN) app for handling students database with CRUD operations, log-ins and more.

MY OBJECTIVE

Aspiring full stack web developer passionate about creating impactful digital experiences. Seeking to grow within a dynamic tech team where I can learn and contribute from day one.
Ready to give 100%.
With a strong foundation in both frontend and backend development, I bring a balanced, practical approach to solving problems.
I'm eager to take on challenges that push my limits and help me grow as a developer.
